

Local travel and currency information

There are three options:

1. Renting a car: There are representatives of all major rent-a-car companies just on exiting the arrivals hall. The way to Nicosia is very well sign-posted. Just take the highway and you will be in Nicosia in half an hour. Driving in Cyprus is on the left-hand side.
2. Private taxi: You may choose a private taxi (it can take 4-5 passengers) from outside the arrivals hall on your right. The cost is around 40-50 Euro and it takes you to your hotel directly.
3. Public transport: There is a shuttle-bus service leaving from the Bus parking place which is found on the far left after your exit from the main building. The cost is 5 Euro per person and the timetable is given below (in case you cannot read the timetable, consult the website <http://www.kapnosairportshuttle.com/>). The second column gives information for your transfer from the airport to Nicosia. You buy the ticket onboard. The shuttle terminates at a fixed location in Nicosia, so you have to ask the driver to arrange for an urban taxi for your hotel in Nicosia. This is quite cheap too.

Finally, please note that in Cyprus only Euro is accepted. There are exchange points in the airport and ATM just on your exit from the arrivals hall, on your left.
