

# 16<sup>th</sup> Plinius conference on Mediterranean risks

EGU Topical Conference Series  
9-12 October 2018, Montpellier, France

## Topics

Heavy rainfall: dynamical and statistical modelling, climate change impacts.

Floods and flash floods modelling and forecasting.

Societal impacts of Mediterranean storms and integrated approaches.

Advances in remote sensing methods for hydro-meteorological risk monitoring.

Mediterranean storms: diagnostic, meteorological modelling and forecasting.

Probabilistic forecasting of Mediterranean Storms: optimization of information content, dissemination to public, acceptance and response.

## Steering Committee

**Pinhas Alpert**  
Tel Aviv University, Israel

**Giorgio Boni**

Cima Foundation, Italy

**Maria del Carmen Llasat**  
University of Barcelona, Spain

**Stefano Dietrich**  
CNR-ISAC, Italy

**Vassiliki Kotroni**

National Observatory of Athens, Greece

**Evelyne Richard**

National Centre for Scientific Research, France

**Romualdo Romero**

Universitat de les Illes Balears, Spain

**Yves Tramblay**

Institute of Research for Development, France

**Gregory Tripoli**

University of Wisconsin, Madison, USA

## ☀ GENERAL INFORMATION

The 16th Plinius conference will take place from Tuesday 9 October to Friday 12 October in Montpellier France (Rabelais conference center, 27 Boulevard Sarrail, Montpellier).

Conference website for abstract submission, information about travel and accommodations:

<http://meetings.copernicus.org/plinius16/>

## REGISTRATION FEES

The registration fee includes: coffee breaks, the Ice Breaker reception on Tuesday, 9 October 2018, and a city tour on Wednesday, 10 October 2018. Please note that on-site registration is not possible.

Regular: 180€ (early bird, before July 15), 260€ (regular)

Student: 90€ (early bird, before July 15), 150€ (regular)

Gala dinner: 50€

There is an abstract submission fee of 38€ per abstract

## 📅 IMPORTANT DATES

4 May 2018: deadline for abstract submission

4 June 2018: letter of acceptance with oral or poster selection

8 June 2018: final program published online and opening of registration

15 July 2018: deadline for reduced early registration fee

15 September 2018: deadline for registration

## 🎓 CONFIRMED INVITED SPEAKERS

Calum Baugh (*European Center for Medium Range Weather Forecasts, UK*)

Andrea Buzzi (*Institute of Atmospheric Sciences and Climate, Italy*)

Philippe Drobinski (*Dynamic Meteorology Laboratory, France*)

François Duquesne (*National center of hydrometeorology, France*)

Kristian Horvath (*Meteorological and Hydrological Service, Croatia*)

Efrat Morin (*Hydrometeorology Lab, Jerusalem University, Israel*)

Olivier Payrastre (*Institute of Science and Technology for Transport, Development and Networks, France*)

Olga Petrucci (*Research Institute for Geo-Hydrological Protection, Italy*)

Daniel Sempere (*Center of Applied Research in Hydrometeorology, Spain*)
