

The CERGOP2 database and CEGRN05- EU project CERGOP2/Environment Work Package 1

C. Haslinger (1), G. Stangl (2)

(1) Space Research Institute Austrian Academy of Sciences (cornelia.haslinger@oeaw.ac.at),

(2) Federal Office of Metrology and Surveying (guenter.stangl@oeaw.ac.at)

The database for CERGOP2 observation data, products and historical data of CERGOP since 1994 is running for one year. Some new features and a new form have been implemented. Additionally some rules for the future campaign CEGRN05 are proposed to improve the data flow.
