

Meet the author: Economic efficiency and applicability of building strengthening measures for seismic retrofit (case of Bucharest, Romania)

M. Bostenaru Dan (1)

(1) Istituto Universitario di Studi Superiori di Pavia, ROSE School

One of the session organisers has recently published the related research from over the past years.

The book is available as:

Maria Bostenaru Dan

"Wirtschaftlichkeit und Umsetzbarkeit von Gebäudeverstärkungsmaßnahmen zur Erdbebenertüchtigung
Grundlagen und Lösungsansatz unter besonderer Berücksichtigung der Situation in Bukarest, Rumänien"

ISBN-10: 3-8322-5727-6

ISBN-13: 978-3-8322-5727-9

(Shaker Verlag, Aachen, 2006)

the title meaning:

"Economic efficiency and applicability of building strengthening measures for seismic retrofit.

Basics and solution approach with special focus on the situation in Bucharest, Romania."
