

GRACE mission status and future plans

F.-H. Massmann (1), J. Beerer (2), B. Tapley (3), C. Reigber (1)

(1) GeoForschungsZentrum Potsdam (GFZ), Germany, (2) Jet Propulsion Laboratory (JPL), USA, (3) Center of Space Research (CSR), USA, (fhm@gfz-potsdam.de)

At the time of the meeting the US/German GRACE satellite mission will have exceeded its design lifetime of 5 years. The mission status will be outlined with emphasis on the technical status as well as recent events of the flight and ground segment. Finally, lifetime estimates and future plans will be presented.
