## **Perspectives for international lunar exploration**

B.H. Foing and ILEWG members

ILEWG c/o ESA , ESTEC /SCI-S PB 299, 2200 AG Noordwijk, NL-Europe  
(Bernard.Foing@esa.int)

Members from the International Lunar Exploration Working Group (ILEWG) will discuss with the audience the perspectives for future projects towards a global robotic village and human bases on the Moon.
