## **Cosmic Vision Solar System Selection Process**

**N. Thomas**

University of Bern, Physical Institute, Switzerland (nicolas.thomas@space.unibe.ch)

The proposals submitted were generally of a high standard. Nonetheless, the presentation will provide some general feedback on proposals submitted to the 2007 Cosmic Vision Call for Missions with a view to helping the community provide even stronger proposals for the next round (tentatively set the 2010-2011 timeframe).
